

Mister Theunis Piersma
Vice President CIJB
KNKB President

Valencia,

I am pleased to communicate the official incorporation of the England Handball to the CIJB.

On Wednesday 16th of December they signed the document of joining in London. We conducted a visit where we practiced this sport and found the interest of the British leadership in participating in the international commitment and CIJB competitions.

They will participate on several official games at the upcoming European Championship to be held in Valencia.

I believe that this addition is very important for strengthening the global benchmark of CIJB as handball game and it is consequence of the work of all CIJB members.

Best wishes.
ALBERTO SOLDADO
Director de Relaciones Externas de la CIJB
